The image displays two screenshots of a web browser showing a contact form and its update page, with an Adobe Dreamweaver interface on the right.

Top Screenshot: The browser shows the URL `localhost/contacto/nuevo_contacto.php`. The form contains the following fields:

- Identificación:
- Nombre:
- Fecha_nacimiento:
- Correo:
- Estado_civil:
- Genero:
- Pais_origen:
- Telefono:

Below the fields is a button labeled "Insertar registro".

Bottom Screenshot: The browser shows the URL `localhost/contacto/actualizar.php?pageNum_Recordset1=0&totalRows_Recordset1=...`. The form displays the following data:

- Identificación: 1
- Nombre: Lalo
- Fecha_nacimiento: 0000-00-00
- Correo: ñialakppqw
- Estado_civil: soltero
- Genero: Masculino
- Pais_origen: Mexico
- Telefono: 7121132926

Below the fields is a button labeled "Actualizar registro". There are also links for "Siguiete" and "Último".

Adobe Dreamweaver Interface: The right side of the image shows the Adobe Dreamweaver interface. The "Archivos locales" panel lists the following files:

- eliminar.php (3KB P)
- error.jiff (7KB A)
- error.php (1KB P)
- index.php (1KB P)

The "Propiedades" panel shows the "Tipo de documento: PHP" and "Conectar usuario".

The image displays two screenshots of a web browser interface, likely Adobe BrowserLab, showing a local development environment. The top screenshot shows the URL `localhost/contacto/registro_eliminado.php?` and a confirmation message: "El registro fue eliminado". The bottom screenshot shows the URL `localhost/contacto/admin.php` and an admin interface with a large orange background, a user icon, and a list of links: [listado](#), [actualizar](#), [eliminar](#), and [index](#). The right side of the browser shows the Adobe BrowserLab design tool interface, including the "Archivos locales" (Local Files) panel with a list of files: `eliminar.php` (3KB P), `error.jiff` (7KB A), `error.php` (1KB P), and `index.php` (1KB P).

The image displays two screenshots of a web browser interface, likely Adobe BrowserLab, showing a login process. The top screenshot shows the login page at `localhost/contacto/autenticacion.php`. It features a form with the following fields and elements:

- Form fields: `Usuario: Chente` and `Contraseña: fer@gmail`.
- Submit button: `Enviar`.

The bottom screenshot shows the error page at `localhost/contacto/error.php`. It displays a yellow diamond-shaped warning icon with the text `OOPS!` and a message: `Usuario o contraseña invalida :(`.

The browser's developer tools are visible on the right side of both screenshots, showing the `Propiedades` (Properties) panel with the `Business Catalyst` extension and the `Archivos locales` (Local files) panel listing `eliminar.php`, `error.jiff`, `error.php`, and `index.php`.
